ATTACHMENT 1
Procedure code conversion chart for clozapine management services

The following table lists the nationally recognized procedure code that providers will be required to use when billing for clozapine management services. A future *Wisconsin Medicaid and BadgerCare Update* will notify providers of the specific effective dates for Wisconsin Medicaid's implementation of the Health Insurance Portability and Accountability Act of 1996 (HIPAA).

Before HIPAA implementation	After HIPAA implementation	
Local procedure code and description	**HCPCS procedure code and description**	**Modifier (REQUIRED) and description**
W8902 Clozapine Management — No face-to-face contact between client and clozapine management provider. Client may need a telephone reminder to assure the blood draw is done, but the client is able to get to the blood draw site.	**H0034** Medication training and support, per 15 minutes	**UD*** Clozapine management
W8903 Clozapine Management — Clozapine management provider does the blood draw at his or her office or at a site where multiple clients come.		
W8904 Clozapine Management — Clozapine management provider must go to a client's home or elsewhere to find client and draw blood (only one client per site).		

*This includes all components of clozapine management services.

For recipients who have weekly white blood cell counts, providers will only be allowed to bill clozapine management once (up to 4.0 units) per week, regardless of the number of services provided during a week. For those recipients who have white blood cell counts taken every other week, providers will only be allowed to bill clozapine management once (up to 4.0 units) every two weeks.

Billing units for clozapine management services	
Quantity	**Time**
1.0	1-15 minutes
2.0	16-30 minutes
3.0	31-45 minutes
4.0	46-60 minutes
